PERFIL

Computer Engineering student at Universidad de Chile with experience in programming, software development, and data analysis. Completed an academic exchange at KTH Royal Institute of Technology, Sweden, where I further developed my background in AI. Interested in software projects and building technological solutions.

EDUCATION

Computer Engineering

Universidad de Chile, Santiago, Chile

Facultad de Ciencias Fisicas y Matematicas (FCFM) *Outstanding Student of the Year 2025*

Academic Exchange ²⁰²⁶

KTH Royal Institute of Technology, Stockholm, Sweden

School of Electrical Engineering and Computer Science

TECHNICAL SKILLS

Programming Languages: Python, Java, C/C++, Scala, TypeScript, JavaScript

Frameworks: React, Spring Boot, Flask, Django

Databases: SQL, PostgreSQL, MongoDB

Technologies, Tools & AI: Git (GitHub, GitLab), GNU/Linux, Claude Code, Codex, CopilotCLI

PROJECTS

Personal Portfolio

Personal website showcasing my background, projects, and contact information.

- Technologies: React, TypeScript, TailwindCSS, Vite.
- Source code: <https://github.com/JorgeCSH/portfolio>

Pet Adoption Application

Web application developed for the “Desarrollo de Aplicaciones Web” course to create a platform for publishing and managing pet adoption.

- Technologies: JavaScript, Flask, Spring Boot, SQL.
- Source code (different versions by branch): https://github.com/JorgeCSH/desarrollo_web_jorge_cummins

NVim-config

Configuration for Neovim and tmux designed to improve development workflow and productivity.

- Technologies: Lua, Bash scripting.
- Source code: <https://github.com/JorgeCSH/NVim-config>

EXTRACURRICULAR ACTIVITIES

IEEE Student Branch - Universidad de Chile, Santiago, Chile:

August 2025 - July 2026

- President of the IEEE Computer Society (November–December 2025), leading the reactivation of the chapter after two years of inactivity. Subsequently served as an advisor to the branch during my academic exchange.

Robotics Laboratory, Universidad de Chile, Santiago, Chile:

August 2024 - December 2024

- Designed human–robot interaction workflows for a receptionist robot using trained AI models.
- Technologies: Python, YOLOv8, ROS.

EXPERIENCE

Universidad de Chile, Santiago, Chile: Teaching Assistant

August 2024 - December 2025

Graded assessments for Differential and Integral Calculus and Advanced Calculus and Applications courses.

LANGUAGES

English

B2 level - FCE (2020), English B HL (IB) (2021), TOEFL ITP (2024).
